### BATH COUNTY ITEMS.

[Bath County World.]

Born, Monday morning, Feb. 22, to Mr. and Mrs. Robert E. Duff, a daughter.

While going home in a hurry Wednesday night, J. D. Hovema ran into a gate swinging across the sidewalk and was painfully injured on the right leg.

While weatherboarding his house a high scaffold broke, throwing Tom Powers, of Reynoldsville, about fifteen feet and breaking his leg between the ankle and the knee.

The grand jury at the recent term of the Bath Circuit Court returned fifty-one indictments. We understand that a number of indictments were returned for the illegal sale of intoxicants in this town.

Not as large an acreage of potatoes will be planted this year. Last year the crop was almost a failure and there was a tremendous amount of potatoes planted on account of the scarcity of tobacco grown.

A cow in the flock of James Blount, near Bethel, became the mother of two lambs, one of which had six legs. The two extra legs were attached to the body immediately between the two front legs. They were almost, but not quite as long as the front legs.

### Unequaled as a Cure for Croup

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson, of Wayne-town, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousand of homes. For sale by R. H. White & Co. 34-35.

### Danville On A Boom.

Danville is now enjoying an unprecedented growth. During the last twelve months fifty families have moved from Burgin to Danville; a dozen or more from Lexington and probably two hundred from Somerset. The influence came with the division headquarters of the Cincinnati Southern, which were removed from Somerset.

John Carter, former Sheriff of Morgan county, has announced as a Democratic candidate for Representative from the district composed of the counties of Morgan and Wolfe.

### HAZEL GREEN.

J. T. Day is having the telephone from Torrent run this place to Lee City reconstructed.

The enrollment at the Academy is 304. The young men in the Academy have formed a reading circle.

Mrs. Lane Holliday, of Hobart, Oklahoma, has been visiting her mother, Mrs. Wm. Taulbee, for a few weeks.

John W. Cravens, who has been in poor health for several months, had two hemorrhages from the lungs last week.

Ellsworth Lacy and family, Mrs. Emma Lacy and her sister and sister-in-law's child left for Bush-ton, Ill., on March 1.

Rev. H. J. Derechik has returned from East Tennessee, where he urged the people to assist the C. W. B. M. to establish a school somewhat similar to the Morehead and Hazel Green schools.

### Prof. H. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Havana, Cuba. "On the night of February 3 our baby was taken sick with a severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only saved the life of our dear little boy." For sale by R. H. White & Co. 34-35.

Republicans of Breathitt county instructed for N. Evans, of Beattyville, for Representative from the Breathitt-Lee-Mazoffin district.

Old papers for sale at this office.

### HIGHER STANDARD OF GIVING.

[By Mrs. Robert Tinton at Foreign Missionary Rally at Somerset Church, Sunday, February 28, 1909.]

The greatest enterprise that ever enlisted the heart and brain of man is to save his fellowman. The spiritual obligation of every heart should be to earnestly seek the salvation of all lost in the world. The atlas of love and service knows no geographical boundaries. The world is the field. The Christian religion is missionary. The Church of Christ is a missionary institution. Every true Christian possesses a missionary spirit. It was a missionary spirit that brought Christ into the world, and that inspired all the early apostles and disciples. All genuine Christians are enjoying the fruits of missionary labor. So thoroughly are missions the mission of the Christ and His church that one may be excused for thinking any professed disciple of His who is not missionary has failed utterly to catch the Christ spirit.

We are all prone to regard the pleas of our dying friends and relatives as the most sacred. Why not the last and great commission of our Saviour? Who, when about to ascend to His home in glory, said unto His disciples, "Go ye into all the world and preach the gospel to the whole creation?" "Ye shall receive power when the Holy Spirit is come upon you, and ye shall be my witnesses both in Jerusalem, in all Judea, and Samaria, and unto the uttermost parts of the earth? Where the scriptures speak, we speak; and where the scriptures are silent, we are silent; neither do we add nor take from the words of the Great Book."

The early church understood this command and went everywhere preaching the word. Great results were forthcoming. But to properly prosecute this soul-saving enterprise today, two things are needed—men and money. The maximum success of the former is dependent upon the latter. The Christ said to His disciples, "Provide neither gold nor silver nor brass in your purses." But they were to go to Jews, and no Jew would ever listen when among Jews. It is true the apostles worked and preached without salary. But we need things today that were not needed twenty centuries ago, and money only gets these things. Money prints Bibles, pays traveling expenses, erects colleges and churches, and various other things to fill the heathen eyes, which we gain before their hearts. The Holy Spirit is true the propelling power of the gospel train, but the silver dollars are the wheels upon which it runs. "How much should I give to the various Christian enterprises, and how shall I know when I have given enough—to satisfy the Lord?" are questions frequently asked. "I say, 'Give all,' but 'who does that?' Besides, God does not ask us to impoverish ourselves by giving, but he does require us to consecrate it all, dedicate it all to God's service and glory.

Some say, "Give until you feel it," but some persons feel it soon to give a nickel than others do to give a dollar. Our feeling is not a criterion of God's pleasure. These plans are deficient because they are man-made and by the use of them we shall always have empty blessings. No petty kingdom or government is so poorly financed as the Church of Christ. Think of our government depending on the will of its subjects for its support, or on exchanges, bazaars, ice cream suppers, and the like and even handkerchief sales for money to finance its affairs. This would disgrace any earthly government in its own and in the eyes of the nations. Yet this is what Christians are doing year by year to finance the Kingdom of God. Is not the Kingdom of God more glorious and dignified than all earthly kingdoms? There is a Bible-plan that is perfect and is satisfactory to all Christians in 1st Corinthians, 16:2, "Upon the first day of the week, let every one of you lay by him in store, as God hath prospered him, that there be no gatherings when I come." Every man according to his purpose in his heart, so let him give. Not grudgingly or of necessity, for God loveth a cheerful giver. He who soeth sparingly shall reap sparingly, and he who soweth bountifully shall reap bountifully. The old tithing systems, practiced by the Israelites as well as in every century past by the leaders in the Christian world, secured for the most equitable and easiest of payment, and should be adopted by all Christians. To tithe ourselves we are to set aside one-tenth of our earnings to the Lord's use. Some people object to it because it is a Jewish plan, but is that a sufficient excuse? Were not the Jews a people of God? and did they not many good things? Besides being a Jewish plan, it was a divine plan. It was God who said all the tithe of the land is the Lord's. God demanded it of the Jews, but He does not demand it of us, but He expects it of us. Great expects as much of the poor man, according to his means, as He does of the rich. The PERCENTAGE PLAN is the only one that places all on equality, making the widow's mite as much as Carnegie's gift. As one man's income increases so should his gifts to God increase. All things are God's; we are just to use them for a while. Let us not think more of laying up for ourselves and children, but let us treasure up in Heaven. We owe God more mental than we do man; though men pay to men from 30 to 50 per cent.

Can we object to giving God just as much as we can? The sun, the rain, the sunshine are all His, and we owe for their use. Experience is a great teacher, but we can learn a great deal from the experience of the church which has been in the world for thousands of years and they all say that nineteenth now goes farther than ten times did before tithing.

Friends, are we going to let the evangelization of the world depend upon the change which happens to be in our clothes on mission day? We should have an offering from every member of the church, and if the Lord bless it, we will prosper our work. We need money to do without some of the comforts of life in order to enjoy this spiritual blessing. When we spend money for comfort and luxuries our dollars look like dollars, but we spend money for religion our dollars look like dollars. We need a higher standard of giving, such as our Saviour practiced when He gave His life for you and me. We need missionary conscience, and then we will not feel that people asking us for money to finance our church work are begging a loan for Christ, nor will our church workers fear we are regarding the poor man as a beggar. We wish to make the sentiment of Lowell ours:

"Not what we give, but what we share, for the gift without the giver is bare; Who gives himself with his alms feeds three."

### NO INDIGESTION

### OR DYSPEPSIA.

Makes Misery from an Upset Stomach Vanish in Less Than Five Minutes.

Every family here ought to keep some Pape's Diarrhoea in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night. This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards.

If your meals don't tempt you, or what little you eat seems to fill you, or lays like a lump of lead on your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diarrhoea. Take one triangle after supper, tonight. There will be no sour risings, belching of undigested food mixed with acid, no stomach gas or heartburn, no fullness or heavy feeling in the stomach, no nausea, debility, indigestion, flatulence or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diarrhoea is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.

These large 50-cent cases contain more than sufficient to cure a case of Dyspepsia or Indigestion. 34-35.

### Voted Heroine.

The House unanimously passed a resolution Friday morning, extending a vote of appreciation to Miss Mary Glover, until recently a resident of Oklahoma City, who saved the life of Senator P. J. Yeager, the roommate of Senator George Johnson, killed by breathing natural gas Wednesday morning. Miss Glover, who is a stenographer in the office of J. R. Cottingham, general Oklahoma counsel for the Santa Fe, rooms at the home of Mr. Thompson, the home of the two senators. She heard Senator Yeager's knocks on the door, which he was unable to open, and, undaunted, dragged him and Senator Johnson from the room.

Miss Mary is the daughter of C. G. Glover, formerly of this city.

## NO SUNDAY BALL.

Gov. Marshall, of Indiana, on Friday vetoed the recent legislative bill permitting base ball on Sunday.

We are pleased to say that the Democratic members of the Indiana Legislature have not yet succeeded in repealing the County Unit Bill. The session ends this week.

## THE PRESIDENT'S TOAST TO AMERICAN NAVY.

"Not until some American returns victorious from a great sea battle will there be another such home-coming, another such sight as this. I drink to the American Navy."

Fred Blackburn, a merchant of Stanton, Ky., was elected a member of the State Board of Agriculture, Forestry and Immigration from this the 7th Appellate district at the State meeting at Elizabethtown last week. The press reports say that the convention was manipulated for partisan political purposes.

## G. ALLEN McCORMICK.

In this issue we present Mr. G. Allen McCormick as a candidate for the Democratic nomination for County Judge.

He has an extensive acquaintance in the county, as for twelve years he has been before the people in a public capacity—as Sheriff and Assessor, and so far as we have heard has faithfully discharged the duties and assumed the obligations incident to the trusts committed to him. Until he became an aspirant for office he was a farmer and has since lived mostly on a farm.

The same capacity and industry that have been shown may reasonably be expected from him in the future, and if promoted to that responsible position he will no doubt, to the best of his ability, direct the affairs of the office.

## PROSPERITY DID NOT COME

Before the November election there were predictions of great financial disaster, a complete wreck of business if Mr. Bryan should be elected, and a declaration of great prosperity and whirling the wheels of industry if Mr. Taft were elected. The boom was to start at once. Mr. Taft's party was endorsed by a tremendous majority. What has become of the promised revival? Mr. Taft, even before he is inaugurated tomorrow, is according to an interview in New York on last Friday, urging an immediate revision of tariff as a primary requirement for relief of present backwardness of business and expressed the hope that the revision would be accomplished by June 1, and for this purpose will call for an extra session of Congress.

Before the election the chief desire of the Republicans was to stay in, hence they cried, "business depression." No doubt they have been greatly disappointed.

## THE SCHOLARSHIP PLAN

will succeed if our citizens act and act promptly. The town people will be solicited at once to subscribe for scholarships, and their hearty and liberal response means much towards the success of the enterprise. Three of the town's business men will make an active canvass and others will help. Let every business man take hold of this matter and give his attention to it for awhile, and get others to subscribe for scholarships. Have a number of copies of the proposed plan in your places of business and call attention of people whom you meet to it, and take subscriptions and help the movement. Do this to-day and don't let up till the prospect proves a success. Will you act to-day?

Rev. T. Benton Hill before leaving our city for his new field of labor, said to Prof. W. H. Cord: "When you purchase grounds for the proposed school, buy building, or lay cornerstone of new building, draw sight draft on me for fifty dollars—one scholarship—and I will pay it."

## IS PROHIBITION A FAILURE?

At Covington, Ky., in 1904 A. R. Mullens delivered to the American Express Co. 20 packages of whiskey consigned to 20 people at Oswego, Kan., a dry territory. The whiskey was seized at Oswego by the Sheriff under due process of law and was destroyed by the Court. Mullens sued the Express Company for the value of the whiskey. The Circuit Court of Kentucky, Ky., decided in favor of Mullens. The case was taken to the Supreme Court of the United States.

Justice Brewer said: "This court has jurisdiction because of the claim distinctly made in the Kentucky court that giving full faith and credit to the judgment of the Kansas court would prevent a recovery against the company, a claim which was expressly denied by the Kentucky court."

"While it is the duty of a carrier to safely carry and promptly deliver to the consignee the goods entrusted to its care, yet that duty does not call upon it to forcibly resist the judicial proceedings in the courts of the State into or through which it is carrying them."

The Kentucky whiskey man lost his liquor, his expense of trial, was endeavoring to send C. O. D. packages of whiskey to Kansas thus trying to thwart Kansas laws. The above decision was rendered in the United States Supreme Court on Feb. 23.

In this section there are men who say that prohibition is a failure in Kansas. It is liable to fail in Kansas, Kentucky and other places if officers wink at violations, get a take-off, or are themselves full of FREE booze.

Some months ago we gave prospective candidates the benefit of our judgment concerning announcing for office so long in advance of the date of nomination and election. We think that even now there is no need to be in a hurry. They wish to be "bled" or convert themselves into a loan agency (or a charity organization—due returns to be had on the day of primary. Some people are willing to be baited, yet are anxious for it. So far as the moral quality of the act is concerned we regard the buyer of a vote equally if not more corrupt than the seller of a vote. We hope that the time will soon come when another campaign can be conducted in Montgomery without the use of whiskey, money or other things of value for the specific purpose of changing the vote of the county. Let a candidate's success depend upon his sociability, agreeableness, kindness, honesty, morality and qualification for the office to which he aspires. The ideal (yet possible) citizenship and government will be attained only when these qualities and others like unto them predominate. All candidates are not alike; some prefer a clean defeat to a corrupt victory.

## SKIPPED OUT.

In order to break a quorum in the Tennessee Legislature and to avoid arrest therefor, 13 Democratic Senators left Nashville on Friday. Eight of them came to Hopkinsville, Ky., and declare their intention to stay out of Tennessee until the Legislature adjourns unless the Republicans will keep hands off the selection of Democratic Primary Election Commissioners. Strange things happen in order to carry some partisan measure. Questions of great interest to whole State may thus be sidetracked.

Christian Mueller, member of the Kentucky Legislature, died in Louisville on Sunday night. He was one of the Democrats who voted against Gov. Beckham for U. S. Senator and was opposed to temperance legislation.

## BUSINESS MEN'S CLUB

met in regular session on Monday evening. As only 22 members were present, the presumption is that many business men are not interested. Some were unavoidably absent. The new business considered was the organization of a fair association. The President was directed to name a committee of five who will thoroughly consider all phases of the enterprise and report to a mass convention. The names of the committee and the date of the mass meeting will be given to the public as soon as selections are made. This is an enterprise which can be made of great interest. The matter will be presented to town and country people, and after a full consideration a decision will be made.

## Conductor Killed.

Frank Blevins, a passenger conductor on the C. & O., from Ashland to Pikeville, was assaulted at White House Station by a passenger, W. A. Pruitt, while the conductor was assisting a lady from the train. Pruitt was belligerent on the train and the conductor took pistol from him and returned it when Pruitt and him reached White House, their destination. Pruitt struck the conductor in the face with a lantern. Blevins drew his pistol and shot five times, wounding Pruitt. Pruitt's son, standing behind the conductor, shot him twice. A special train carried the conductor to Ashland where he died on Thursday morning. Pruitt, Sr. was taken to Catlettsburg for medical attention. Pruitt was under the influence of whiskey.

Catlettsburg and Ashland sell whiskey. There is not a saloon on the Big Sandy river except at Catlettsburg. Let the advocates of open saloons stand up and take notice. There is not a saloon in the only town that is disgraced by supplying whiskey to local option territory.

Until I began using Doan's Kidney Pills, procured at F. C. Duerson's drug store, I did not find anything that would prove of benefit to me. ## MAKES GOOD, HEALTHY FLESH.

**W. S. Lloyd Offers to Pay For Samosee If it Falls.**

Begin the use of Samosee today, and you will soon notice a gain in good, healthy flesh. To all who are thin, weak and run down, this remarkable flesh-forming food promises plump, rosy, perfect health, vigor and vitality.

Most people eat enough to become fat; the trouble is not lack of food, but lack of assimilative power.

Samosee mingles with the food that is eaten, so that it is assimilated by the blood, and builds up pleasing plumpness and good, healthy flesh. Those who use Samosee for a week or ten days will soon notice a gain in weight and an improvement in general strength and health.

Put good, solid flesh on your bones, and you will be strong and well. In no other way can this be done than by the use of Samosee. It gives plumpness and physical grace to the thin and scrawny, and will make you bright, rosy and normally fat. 30-34

### Will Not Pool.

Indications are that the tobacco acreage in Bath and Montgomery counties and entire Burley district will be heavy and that many farmers are opposed to pooling unless an almost unanimous consent in favor of it. Good-bye to high prices.

Man does a thousand good deeds and no attention is paid to them, but if he makes one mistake it is dashed over the world. A life time may be spent in building up a reputation that may be wrecked in a moment.—Winchester Democrat.

## The Pain Family

You know them; they are numerous, and make their presence felt everywhere. The names of the family are Headache, Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if taken as directed.

"I find Dr. Miles' Anti-Pain Pills an excellent remedy for everything from headache, neuralgia, and rheumatism, to the most severe cases of pain. I have used them for many years in this capacity with the best results."  
—MRS. JOE MCKILL, Peru, Ind.

Dr. Miles' Anti-Pain Pills are sold by most druggists, who will guarantee the first package will benefit. If it fails we will return your money. 25 doses, 25 cents. Never sold in bulk.
